Blog

COMPSCI 111/111G - Lecture 06

COMPSCI 111 / 111G

An introduction to practical computing

Web log

29/07/2009

- Website
- · Posts are made in chronological order

Mastering Cyberspace:

Publishing online • Blogs, Wikis

- · Very easy to use
- · Estimated blogs worldwide: more than 50 million

Uses

- Online Diary
- Commentary
- Political, cultural, economical, personal, technical, ...

Different Types

• Photoblog, videoblog, audioblogs (podcasts)

Terminology

- Blogger person that posts entries to a blog
- · Blogging writing posts to a blog

http://en.wikipedia.org/wiki/Blog

Leonardo da Vinci's journal

3

Δ

Social Issues

Political movements

- E.g. during war on Iraq
- Many viewpoints
- Editorial style
- But: political censorship is also done online

Advantages

- · Gives people a voice
- · Enabling technology for grassroots movements

Dangers

- Providing too much information
- Children inviting wrong kind of attention

Wiki

Created by Ward Cunningham in 1995 to discuss programming patterns

Description

- Simplest online database that could possibly work
- A content pool that can be easily edited
- Anyone with appropriate access can edit
 any page

Wiki Wiki bus in Hawaii

Wikipedia

29/07/2009

- Launched 2001, worlds biggest wiki
- About 2.9 million articles
- 10,000 30,000 requests per sec
- More than 100 servers

COMPSCI 111/111G - Lecture 06

Advantages and Disadvantages

Advantages

29/07/2009

- · Creates a central pool of content
- Everyone can contribute
- Easy to use
- Quick to develop material

Disadvantages

- No quality control
- Anyone can contribute
- Information changes rapidly
- Vandalism a possibility

Making it work

- Everyone who adds content also takes responsibility
- Self-moderating: develop consensus policy, cooperate to ensure high quality
- Use change management tools

Free Speech

Blue Ribbe

Campaign

Media is never objective

Media "accuracy"

MediaWiki

Analysis of polls conducted in the US June 03 - Sept 03 about common misconceptions about the war in Iraq

- 48% evidence of links between Iraq and al Qaeda had been found
- · 22% weapons of mass destruction had been found in Iraq
- 25% world public opinion favoured the US going to war with Iraq

The news sources the interviewees were using:

Misconceptions (of 3 listed)	FOX	CBS	ABC	NBS	CNN	Print	PBS
None	20%	30%	39%	45%	45%	53%	77%
1 or more	80%	71%	61%	55%	55%	47%	23%

COMPSCI 111/111G - Lecture 06

Stage one wiki

Set up for COMPSCI 111 / 111G

- Anyone can read the wiki
- Must log in before editing
- Main pages are protected

Purpose

- Students can collaborate
- Create / compile resources for the COMPSCI 111 course
- Tool for the COMPSCI 111 community

Use

- Encouraged to contribute
- Not required to contribute (after Lab 02)

Free Wiki software

- Simple security model
- Used for Wikipedia, CS Dept, ...

29/07/2009

COMPSCI 111/111G - Lecture 06

10

Sandbox

An area to experiment and play

· Can test out things in the Sandbox

9

User page

Articles

Main content of the wiki

A page is set aside for each user

- Click on user name to access the user page
- Same as any other page in the wiki

Discussion page

Each page in the wiki has an associated "talk" page

- Allows users to discuss content of a page
- · Can write comments, ask questions etc. without disrupting article

Editing a page

COMPSCI 111/111G - Lecture 06

Simply click the edit button and start making changes.

• Always preview and read the page before you save changes

13

Markup

Wikis use their own markup language, sometimes called wikimark

- Also accept some HTML markup
- Different wiki systems use different markup

Headings

Four different levels of heading

= Main heading=

- == Section Heading ==
- === Subsection heading ===

==== Sub-subsection heading ====
