Privacy Declaration (for Applications and Nominations)

The information requested in this application form will be used solely for the purposes of assessing your application or nomination for the Clinton Bedogni Prize for Open Systems. Personal information contained in this application will be made available to members of the evaluation committee. As a nominator, you warrant that you are legally permitted to disclose the details about the nominee in this nomination to us. The Department of Computer Science will securely store all information. Limited details about the applicant /nominee will only be disclosed if the applicant/nominee becomes the winner of the Prize. As a nominator, you acknowledge that limited information about you may be disclosed to the applicant and the public in accordance with your directions in the nomination section of this form. The personal information of other applications and nominations shall be confidentially destroyed three months after the Prize winner is announced. In the meantime should you have reason to believe that information held about you is incorrect, you have the right of access to, and correction of, that information.

I hereby affirm that the above information is true and correct and agree to abide by the conditions set down for the Prize. I further understand that members of the Evaluation Committee may act to verify the evidence provided for the purpose of evaluation in this application or nomination and contact people and organisations referenced. As an applicant, I fully realise that any inaccurate information supplied will disqualify this application and exclude me from future applications to the Prize.
