

## Assignment of Copyright to IFIP and Author's Warranty to Springer

The following form must be signed by the author, or an authorized representative of the authors, of a work to be published by Springer Publishers under the auspices of the International Federation for Information Processing (IFIP). The form must be submitted to the editor of the publication that will contain the work, along with the camera-ready copy for the publication.

---

**Title of Work:** Safe Equivalences for Security Properties

**Author(s):** Mário S. Alvim, Miguel E. Andrés, Catuscia Palamidessi

**Publication or Conference Name and Date:** 6th IFIP International Conference  
on Theoretical Computer Science / 2010

---

### TRANSFER OF COPYRIGHT AGREEMENT

Copyright to the above work (including without limitation, the right to publish the work in whole or in part in any and all forms of media, now or hereafter known) is hereby transferred to the International Federation for Information Processing (IFIP), effective as of the date of this agreement, on the understanding that the work has been accepted for inclusion in the publication listed above. For government work where transfer of copyright is restricted, the transfer of copyright is restricted as indicated in Part B below.

**However, each of the employer/author(s) retains the following rights:**

1. All other proprietary rights to the work such as patent.
2. The right to reuse any portion of the work, without fee, in future works of the employer/author's own, including books, lectures and presentations in all media, provided that the proper publication citation and notice of the copyright are included (see Part A below).
3. The right to revise the work.
4. The right to post author-prepared versions of the work covered by IFIP copyright in a personal collection on a personal web site and on a publicly accessible server of the employer. Such posting is limited to noncommercial access and personal use by others,

and must include the following notice both embedded within the full text file and in any accompanying citation display as well:

© IFIP, (YEAR). This is the author's version of the work. It is posted here by permission of IFIP for your personal use. Not for redistribution. The definitive version was published in PUBLICATION, {VOL#, ISS#, (DATE)}, (Boston: Springer), pp {PAGE NUMBERS}.

5. The right of an employer who originally owned copyright to distribute definitive copies of its author-employees work within its organization. Posting these works is limited to noncommercial access and personal use within the employer's organization, and must include any copyright notice embedded within the full text file of the definitive version and in any accompanying citation display as well.

#### A. ASSENT TO ASSIGNMENT

This form must be signed by the author or, in the case of a "work made for hire," by the employer, and must be received by Springer before processing of the manuscript for inclusion in publication can be completed. In the case of multiple authors, one author must sign as the authorized agent for all authors.

Consistent with IFIP's policy of encouraging dissemination of information, authors should understand that the following notice applies to each work published by IFIP:

*"Permission to make digital or hard copies of part or all of this work for personal or classroom use is granted without fee provided that copies are not made or distributed for profit or commercial advantage and that copies bear this notice and the full citation on the first page. Copyrights for components of this work owned by others than IFIP must be honored. Abstracting with credit is permitted. To copy otherwise, to republish, to post on servers or to redistribute to lists, requires prior specific permission and/or a fee."*

I hereby warrant that I am the sole owner, or authorized agent of the copyright owner(s), with the exception of third party material detailed in Part C below. Permission has been obtained for third party material included in this paper.

Name (printed): Mário S. Alvim

Signature: 

Title, if not Author:

Date: 14/05/2020

---

#### B. DECLARATION FOR GOVERNMENT WORK WHERE COPYRIGHT TRANSFER IS NOT ALLOWED

*Note: Authors of government work for which copyright transfer is not allowed are also*

**required to sign Part A. A modified copyright statement regarding government use will appear on the published work.**

**This certifies that the above author(s) wrote the paper (a) as part of work as government employee(s) or, (b) as other government work and that copyright transfer is not allowed.**

**Name (printed):**

**Signature:** \_\_\_\_\_

**Title, if not Author:**

**Agency:**

**Date:**

### **C. THIRD-PARTY MATERIAL**

This copyright transfer applies only to the work as a whole, not to any embedded objects owned by third parties. An author who embeds an object, such as an art image that is copyrighted by a third party, must obtain that party's permission to include the object, with the understanding that the entire work may be distributed as a unit in any medium. The requirement to obtain third-party permission does not apply if the author embeds only a link to the copyright holder's definitive version of the object.

**Third-party permission must be clearly stated near the object(s) or in the text narrative.** Indicate below any third-party material included in this submission. Please be specific, i.e., type of material: figure, table, photo, music, video or other image, and note whether permission is approved (Y/N) and forwarded with your submission. *(Use a separate sheet if additional space is required.)*

<b>Material Used</b>	<b>Third Party Reference</b>	<b>Permission Received (Yes/No)</b>	<b>Date Permission Received</b>

### **D. AUTHOR'S WARRANTY TO SPRINGER**

**Note: All authors, or authorized representatives of authors, are required to sign this warranty to Springer in addition to the copyright transfers above.**

**I understand that Springer Publishers wishes to publish the work entitled**

Safe Equivalences for Security Properties (name of work)  
as part of a publication tentatively entitled

Proceedings of the 6th IFJP Conference on Theoretical Computer Science (name of  
proceedings, book, etc.). I hereby warrant and represent to Springer Publishers:

- a. That the above referenced work has never been published elsewhere in its present form;
- b. That to the best of my knowledge the work does not infringe upon any copyright or other rights and does not contain infringing, defamatory or other unlawful material, and that I have obtained in writing the customary permission from each copyright owner or his or her legal representative or heirs whenever a passage is quoted and/or a table or illustration from copyrighted material is used; and
- c. That I hereby agree to indemnify Springer Publishers for, and hold Springer Publishers harmless from, any liability, loss, expense or damage occasioned by any claim or suit by a third party for copyright infringement or otherwise arising out of any breach of the foregoing warranties as a result of publication of the article as aforesaid.

I understand that Springer Publishers is under no obligation to me to include the above identified work in the identified publication or to publish the identified publication.
